

October 6, 2018

Dear Anne & Mike,

I would've sent a card, but you'd never be able to read my handwriting.

I just wanted to thank you for all your help in making the show a success and also for all your help the past few years in general.

It meant the world to me that Trev and Chris & Pam were able to come, and you guys made it happen! I am truly grateful. Trev would have been devastated if he couldn't be here. And that you made it easy for them with PATCO and SEPTA cards and all the other little details was so great. And then to put everyone up was beyond the beyond, not to mention all the trips to the airport. These days just thinking about driving to the airport makes me exhausted.

So thanks again and know it is appreciated more than words can possibly convey.

All my love,
